Patrick Martino, Public Sector Solutions Representative from Waste Management explained that there are cost escalators that could have an impact on the second or third years depending on the commodities market for recyclables. By having this option, the Town would benefit if the market trends upwards.

Jeffrey Pero from Casella was present and explained that they had calculated the cost escalators into their bids.

Ray DiRaddo, Town Attorney recommended to the Board that they not make a decision tonight. There are many factors that make up the bids and these will need to be compared. He asked Mr. Martino and Mr. Pero if they would have any objection to the to the postponement of the bid award so that the Board may review and compare the submittals. The award will be made at the October 1st Town Board meeting at 6:00 P.M.

Mr. Martino said that he has no objection but would like the opportunity to answer any questions the Board may have after their review.

Mr. Pero stated that he has no objection.

Whereas, it was moved by Councilman Shero, seconded by Councilwoman Wasson and unanimously carried,

Resolution No. 99:
